

TYTAN PROFESSIONAL Branded black manual extruder for foils

TYTAN PROFESSIONAL Branded Manual Extruder for Foils is an automated device designed for the precise application of WINS liquid membranes into gaps with pre-applied WINS FLEX foam. The product is suitable for membranes in 600 ml (sausage) packs. Thanks to the adjustable application rate of the liquid membrane, the device allows the application to be adapted to the requirements of each project, ensuring an even and controlled seal. This tool is indispensable for professional insulation work where precision and efficiency are crucial.

BENEFITS

- Precise application of foil and cartridge sealants and adhesives
- Easy to use

RECOMMENDED USES

- For application silicone and adhesive in sausage (foil) series 300-600ml volume and in cartridges 310ml
- For finishing and renovation works

TECHNICAL DATA

Parameter	Value
Thrust ratio	18:1
Pushing power [N]	4,000
Handle: aluminium	+
Barrel: aluminium	+
Trigger: aluminium	+
Nuts: aluminium	+
Rod: hardened steel	+

TRANSPORT / STORAGE

Protect from moisture.

SAFETY AND HEALTH PRECAUTIONS
